>>> LISTINO PREZZI BROOKLANDS <<<

Come consultare il listino prezzi

Accanto al codice dell'articolo che vi interessa troverete la descrizione, il numero dei pezzi contenuti in una confezione e il relativo prezzo. Se il codice dell'articolo da ordinare non è riportato nel listino prezzi, significa che lo stesso non è più disponibile. Può anche capitare che un ricambio da voi ordinato, specie se usato (serbatoio, telaio, carburatore....ecc.) sia esaurito e in questo caso sarà nostra premura comunicarvelo. Tutti i prezzi sono espressi in euro IVA ESCLUSA e possono subire variazioni senza obbligo di preavviso. In ogni caso i prezzi restano validi fino all'emissione del nuovo listino.

I codici degli articoli sono composti da un prefisso iniziale (per esempio 01) che individua la macrocategoria più il codice originale riportato all'interno del manuale ricambi della moto.

Di seguito vi indichiamo i prefissi per una consultazione più rapida:

01 = NORTON
 01 o AM = AJS-MATCHLESS
 95 o TS = TRIUMPH/BSA
 07 o CE = CARBURATORI
 06 o TS = LUCAS

Troverete inoltre ulteriori categorie di prodotti generici non catalogati con il codice originale e preceduti dai seguenti prefissi:

AR o BR o 93 o 05 = GENERICO, REPLICA, ACCESSORI, OLI, ECC.
 44 = ADESIVI
 66 = GUARNIZIONI
 20 = CATENE
 09 = STRUMENTI/RICAMBI
 19 o AG = AMMORTIZZATORI
 36 o 64 = PISTONI
 49 = CUSCINETTI

Di seguito riportiamo anche il significato di sigle e abbreviazioni che vi capiterà di trovare durante la consultazione.

NR = 1 Pezzo
 PA = 1 Paio
 SE = 1 Set
 U = Usato
 S = Seconda scelta, ammaccato o non perfetto
 R = Ricondizionato, ricromato, revisionato

 * Vi ricordiamo inoltre che nel caso in cui non troviate l'articolo di vostro *
 * interesse, la Brooklands è in grado di effettuare una ricerca e reperirlo nel *
 * minor tempo possibile !!! *
